

Your Journey to Barley View

1. Referral

If you think Barley View may be the home for you, contact us. You can refer yourself or via a trusted family member, friend, or professional (i.e. social worker). We can accept referrals via telephone, walk-in, email, social media etc.

2. Enquiry Log

When you are referring someone/yourself, we will fill out an enquiry log to take basic details, including health and social care needs.

3. Pre-Screening

From the enquiry log, we will conduct a pre-screening process, for example, if your needs are too high, we would advise you of this at the start.

4. Cost

We provide you with a clear cost of residing at Barley View. We understand our rates may be higher than your Local Authority. You or a third party (such as your family) will be required to pay contributions towards the cost of your care and accommodation.

5. Waiting List

If we believe we can meet your needs, but we do not have any room availability, we will add you to the waiting list. A timescale cannot be given as to how long you are on the waiting list as this is dependent on availability and priority.

6. Viewing

You will be invited to view the care home to ensure it is somewhere you would like to live.

7. Bed Available

When a bed becomes available, we will refer to the waiting list. The highest priority applicant will be contacted to arrange an assessment.

8. Assessment

We will carry out the assessment. This can be in your own surrounding or at the care home. This is your choice. The assessment will take approximately between 1-3 hours.

9. Decision

Based on the assessment, we would determine if we can meet your needs. A decision will be made and you will be contacted within 24 hours.

10. Funding

Once confirmed if you are suitable, we will get confirmation of funding, this can take between 1-2 weeks for Local Authority funding. We would also agree a move in date, confirmation of any other professions who support you and obtain your GP summary within 1 day.

11. Care Plan

A 7-day care plan will be completed.

12. Move In

You move into Barley View. On your move in date, you will complete an admission pack, this includes contract of residence, financial details, consents and agreements and your resident guide. It will take approximately 1 hour to complete this.

13. Care Plan

A permanent care plan will then be completed within 7 days of your tenancy starting
